Mayor Set Down For War Protest

PRATO, ITALY, Dec. 1 (AP) — Giorgio Vestri, Mayor of this Communist-governed town near Florence, was suspended from office today for ten days for carrying the town's official ensign in a communist-organized demonstration against war in Vietnam.

By ruling of Simone Proserpi Valenti, national government representative for the province, the Mayor will not be allowed to officiate at marriages or sign municipal documents during the suspension. The Prefect had ordered the Mayor not to take part in the parade last Saturday.
